

I'm writing you in reference to the drug&alcohol testing procedures. I have downloaded a complete book of testing procedures to be followed by all agencies, that are governed by DOT regulations. On 08/13/01, I was instructed to submit to a random drug test at the ARK. STATE HIGHWAY&TRANSPORTATION DEPT.;The specimen collection guidelines stated in your manual were not followed. I filed a grievance with the department,They declined to do anything about it.I have filed an appeal with the state claims commission also and they to have declined my appeal.I would like to see you stand up for your policy,as I stand up for my rights.
